

**TANKS.**

There are many places in town where the water will run but a few hours each day in the pipes. Such places are not bothered much, however, if provided with one of our

**PATENT NON-SHRINKING WATER TANKS**

which we sell in all sizes, from 500 to 10,000 gallons, for it is an easy matter to get the tank full while the water is running in pipes, then you have all the water you want when water will not run. These are made of best quality, clear, seasoned redwood lumber, and every tank is fully guaranteed, both in material and workmanship. PERKINS WINDMILLS will also keep these tanks full. We sell Tanks and Windmills.

**A Domestic Tiff.**

Many a domestic "tiff" has had its beginning in nothing more important than the abnormal strength of the butter or the unparalleled weakness of the coffee. A man has no right to lose his temper about such trifles, but sometimes he does, and the wife gets undeserved blame. She had implicit confidence in her grocer. He was not conscientious. We are. Ask any one of our many hundreds of patrons. At the same time get them to tell you about our prices.

**KAMEHAMEHA CHANGES.****Boys' School to Have Several New Teachers.**

There will be quite a few changes in the faculty of Kamehameha Boys' School this year, aside from the one made necessary by the resignation of Principal Richards. As has already been announced Mr. Thompson takes the first chair in the school. Mr. Richards and family will leave next week for Kona, where they will spend the summer. Upon his return Mr. Richards will accept either a position with the Hawaiian Board or that of Missionary to China under the American Board. Mr. Sedgwick, of Berkeley, will take the position of instructor of agriculture in the school. This is a new department. It is the intention of the trustees, as well as Mr. Thompson, to push the branch as much as possible. There are those who believe that there is now and will continue to be among native Hawaiians a pressing need of knowledge in agricultural lines.

S. M. Perry, a brother of the present instructor in the school, will come as assistant in the machine shop and instructor of forging. This is an old branch.

A selection to fill the vacancy caused by the promotion of Mr. Thompson from the departments of carpentry and physics has not yet been made. It is not unlikely that a man for the place will be brought from the States.

Miss Johnson, music teacher, will not return next term. A substitute will come from the east before the school reopens.

**HORSE BLOOD.****No Market Here for Stud of Highest Degree.**

Harry Armitage was the auctioneer for the sale of Colonel Cornwell's racing stock at Morgan's auction place yesterday. The sale was the worst sort of a failure. There are perhaps a number of reasons for it. The filly Garterline is the best bred runner ever brought to these Islands. The highest bid for her was \$280. The brown mare Venus is a well known race horse bred by Lucky Baldwin at Santa Anita, Cal., and having for her sire the grand horse Verano. An offer of \$325 was made for Venus. The 2-year-old bay gelding Racefield, by the noble performer Racine was bid in by Mr. Armitage for \$100 and subsequently sold to Wm. Savidge. W. M. Cunningham bought the bay filly Flameref, 2-year-old, by Flambeau, for \$110. This was the bargain of the day. While Flameref is not of such royal lineage, as Garterline, she is very well bred and is really a good property. Both Flameref and Racefield are from Palo Alto.

**ANOTHER "POSSIBLE."****This Time It Is Made By Private Chas. Wilcox.**

Private Chas. Wilcox, of G. Co., N. G. H., is the second member of the First Regiment to make the "possible" at regular target work. The first man to do this was Sergt. Elvin, and that was more than two years ago. Mr. Wilcox, who is best known as secretary of the Board of Health, made his record at 5:30 last evening. There was a slight breeze and the light was not at all bright. All the usual conditions for military shooting at 200 yards, as laid down in Blunt's manual, were observed. It was off-hand, no sighting shots, service Lee-Remington rifle, pull of not less than six and a half pounds. Mr. Wilcox has for a long time been a member of the crack team of G and in the many matches has been counted in advance as good for forty-five. He is a very steady shot and has now come out in brilliant style. Mr. Wilcox was at one time a lieutenant in his company, but was forced to retire from the line on account of an illness of considerable time.

Private Butler, of D company, is in training for Manila, as he expects to leave with the next expedition. He made a 47 and a 48 yesterday morning. Both Wilcox and Butler—500 grains cartridges reloaded by Elvin—500 grains of lead and 63 grains of powder.

**REWARD OF MERIT.**

At the CHICAGO CYCLE SHOW in 1897, each visitor on entering the Show was handed a coupon reading as below:

"After viewing the exhibits, kindly fill in the name of the Bicycle which pleases you best as regards beauty and mechanical merit, and deposit the coupon in ballot box near exits."

The "Shirk" received 17,489 ballots against 12,377 the next highest. When it is known that all the leading makes of wheels in the United States were on exhibition at this Show, the above speaks for itself. The HONOLULU BICYCLE CO. have secured the Agency for this strictly high grade wheel.

IT WILL INTEREST YOU TO CALL AND SEE IT.

The SHIRK is the best thing that ever happened.

**COMMERCIAL SALOON**
